

BRITEFORM

A high quality Preformed Thermoplastic material.

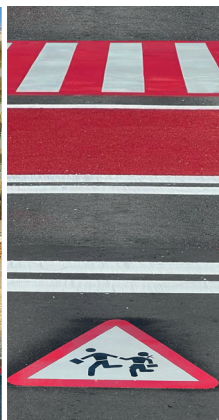

Key Benefits

- Quick and simple installation
- No material waste
- Cut-and-paste format
- Fast reopening time for traffic
- No heavy machinery required

Applications

For horizontal surface marking such as road signs or playgrounds. BRITEFORM is ideal for:

- Restoration of markings after maintenance work
- Installation of bicycle symbols, letters, numbers, etc.
- Playground markings and educational games
- Cost-effective solution for high-definition, multi-color horizontal marking jobs
- Small-scale markings, e.g. car parks

A solution from one of the industry's most trusted names

Founded in 1972, Kelly Bros International develops and manufactures high quality products that help reduce hazards and dangers on the roads, ultimately saving lives.

We are one of the industry's foremost manufacturers and we are a trusted supplier to authorities and agencies worldwide. All our products are manufactured in our sustainable manufacturing plant.

BRITEFORM

No large machinery required

BriteForm is hot applied using a gas torch.
No specialized equipment is required for its application. This makes it a cost-effective solution.

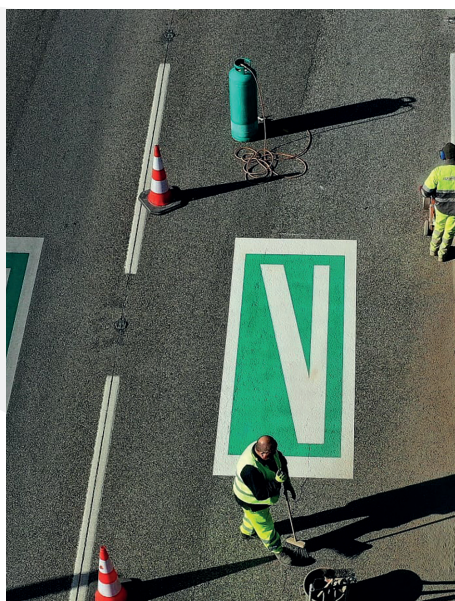

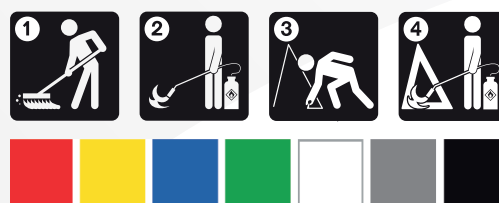

Long-lasting, high-quality markings all year round

BriteForm can be applied all year round, so it is suitable for carrying out emergency repairs, even during the freezing winter.
